**Samples description**

Product Name: All Terrain Stage

Model No.: AT 4X4

Working surface: 1220mm x 1220mm

Height: 800mm

**Photo documentation:**

**For Stage Platform Unit****Client's requirement:**

Evaluate the sample's deformation and stability under uniformly distributed load after 60 minutes.

**Test method:**

After installation, a total weight is distributed uniformly over the whole surface of the platform. Deformation and stability of the platform under the load are visually evaluated.

**Test result:**

Model: AT 4X4: Total weight 1500 kg, distributed load

The platform was stable during the test and no permanent deformation was found after 60 minutes test.

**Test Photo:**

Distribution load for stage platform unit
